

Candle Making Workshops at JP's Dreamhouse

About us

Hi, I'm Mallika — the heart behind Flakes and Flames. What began as a shared love for scented candles between my husband Kevin and me, soon blossomed into a true passion project. Whether it's a cozy night in, hosting friends, or getting lost in a good book, lighting a candle has always been part of our daily ritual. As we immersed ourselves in the world of home fragrances, we expanded our line to include room sprays, car diffusers, and reed diffusers — all handcrafted in small batches with intention and care right here in Windsor, Ontario. Every product is made using clean, sustainable ingredients that are free from toxins and safe for use around kids and pets.

We also host creative, hands-on candle-making workshops — a wonderful way to mark a special occasion or explore a new hobby. Thank you for supporting our journey and sharing in the warmth of Flakes and Flames.
